Tentative RuleBook of Dark Room Cricket

“Play Blind. Strike Bright.”

1. WHAT IS DARK ROOM CRICKET CONCEPT:

Dark Room Cricket is a fun and modified version of indoor cricket played in a dark or low-light environment.

The game is designed to test players' reflexes, coordination, communication, and presence of mind under limited visibility conditions.

Unlike traditional cricket, Dark Room Cricket uses special rules, shorter match durations, and controlled bowling styles to ensure both excitement and safety.

The game is usually played using fluorescent or brightly visible equipment inside a closed room or indoor setup.

It combines the thrill of cricket with the challenge of playing in darkness, making it a unique blend of strategy, teamwork, and entertainment.
